## Social Entrepreneurship for Youth

Project Reference No.: 2020-2-IS01-KA205-065841

### ABOUT SE4Y

**SE4Y (Social Entrepreneurship for youth)** aims to support young people who want to learn and grow both professionally and personally by caring for others and their environment. The project will create an online community for encouraging youngsters to pursue SE in their local communities as well as to increase their entrepreneurial skills in order to enhance the social economy of the participating countries and Europe's as a whole.

### SE4Y PARTNERS

**Einurð (Iceland) – Enoros Consulting (Cyprus) – Prism (Italy) – Cefe (North Macedonia) – TAVO Europa (Lithuania) – Organization Earth (Greece)**

Social Entrepreneurship for Youth (SE4Y) is a 2 year project got funded by Erasmus+, and started in September 2020.

#### Intellectual Outputs (IOs) of the project:

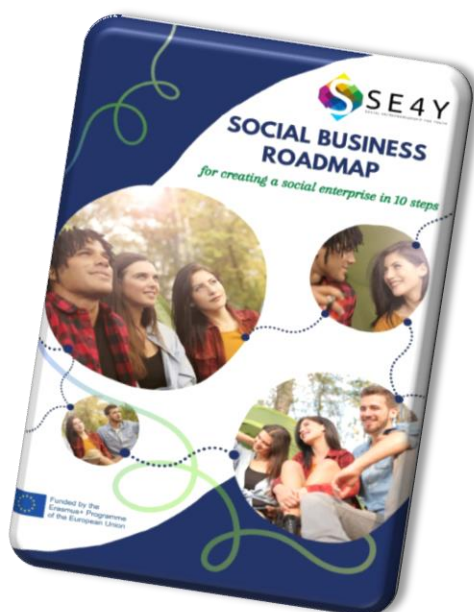

- IO1: Social Business Roadmap for creating a social enterprise in 10 steps**
- IO2: Capacity building Course on Social Entrepreneurship towards Sustainable Growth**
- IO3: Social Entrepreneurship (SE) Help Desk**

## Transnational Partner's Meeting - SE4Y kick-off meeting

The SE4Y kick off meeting was held online on the 16th of September using Teams. There partners discussed project management, intellectual outputs, quality assurance and dissemination. TAVO and Enoros lead the discussion on the development of the first project output ***“Social business Road-map for creating social enterprise in 10 steps”*** dividing tasks among the partnership. The kick-off meeting was originally scheduled to take place in Iceland on the 15th and 16th of September but due to COVID-19 restrictions this was not possible, instead the final conference and partners meeting will be held in Iceland in 2022.

## IO1-Social Business Roadmap

The **Social entrepreneurship for youth-SE4Y** project has now published **“The Social business roadmap – for creating a social enterprise in 10 steps”**. The Social Business Roadmap has the aim to support young people in creating a social enterprise in 10 steps. **Is an innovative and totally entrepreneurial guide tool for helping young people to make their first step in the social business world**, as it's easy to get lost on the entrepreneurial route, thus this small guide could be used as a road map.
